## COMMITTEES MEET.

Leading Democrats Attend  
Meeting at State Capital.

Last Week in June Favored as  
Time For Holding State  
Convention.

Frankfort, Ky., May 23.—The meeting of the Democratic State Central and State Executive Committees here to-morrow will be attended by a large number of leading Democrats from over the State. Among those who have arrived to-night the sentiment is almost universal in favor of a convention the last week in June for the purpose of nominating delegates to Kansas City, and also a candidate for Governor. It is practically conceded that Gov. Beckham will be nominated without opposition and the party leaders say that the interests of the party will be promoted by an early and harmonious convention.

Gov. Beckham's friends are anxious that whatever action is taken by the committee to-morrow shall be unanimous, and if those who desire a separate convention for Governor are unyielding the Governor's friends may join in with them for the sake of harmony. There is a general feeling that nothing shall be done which is not acceptable to all sides.

Last Week in June.

Frankfort, Ky., May 24.—The Democratic State Executive Committee here to-day, it is stated, have practically agreed to call a convention the last week in June to nominate a candidate for Governor and select delegates to the National Convention which meets in Kansas City, July 4.

MOVED TO DISMISS.

**Democrats Object To Dismissing**  
**Without Prejudice the Appeals.**

Frankfort, Ky., May 23.—In the Court of Appeals today ex-Gov. Bradley, representing the Republicans, moved to dismiss without prejudice the appeals of Republican minor officers from the judgement of the lower court. Counsel for the Democrats objected to the dismissal, and the court took the motion under advisement.

If the motion is sustained the appellants (the Republicans) will have two years in which to sue out their appeals in the Court of Appeals, the present appeals having been granted in the court below. If the motion made by the Democrats to affirm as delay cases, be sustained, that would end the matter, and no further appeals could be sued out.

WILL PROBATED.

**Estate Left To Widow During Her**  
**Lifetime.**

The will of the late Montgomery Adams has been probated. All the estate is left to his widow, Mrs. L. W. Adams, during her life or while she remains his widow, and at her death it is to be divided among their five children. It is stated in the will that the testator's daughter, Mrs. Mary Lizzie Adams Givens, had already received her share in the estate.

BAPTIST REUNION.

**Sunday School Will Picnic at Cedar**  
**Grove.**

The Baptist Sunday school will picnic at Cedar Grove, just east of town, to-morrow. There will be plenty of dinner on the grounds and a special invitation is extended to the Baptists and their families to come. The occasion promises to be a most pleasant one in every particular.

## PYTHIAN VISITORS.

Members of the Various Lodges  
Make Merry.

District Meeting Held Here Yester-  
day Was Well Attended and  
Proved a Pleasant One.

The district meeting of the Knights of Pythias, held in this city yesterday, was a success, notwithstanding the fact that the attendance from several of the lodges in the district, was not as large as anticipated.

About twenty members of McKenzie lodge at Pembroke were present and the lodges of Guthrie, Elkton, Trenton, Fairview and other towns in the district sent delegations.

The morning was devoted to the reception of delegates, and a business session was held at Castle Hall at 2:30 in the afternoon.

Mr. John T. Horner, of Covington, Ky., the Grand Chancellor of the State, was present and conducted the meeting at the hall.

After adjournment of the business meeting the Knights of the different lodges had an opportunity during the interval between that time and 7:30 o'clock, the hour of reassembling, to meet each other socially and go over the city.

In the evening a delightful entertainment was given at Hotel Latham. A reception was held at 7:30 o'clock, and at 8:30 a luncheon was served in the dining room. Covers were laid for one hundred and fifty persons. During the repast an excellent band discoursed music, and the evening ended with a program of addresses by visitors and local speakers, readings and vocal and instrumental music.

During the banquet hours, between the courses, a number of toasts were responded to in such a manner as to be highly appreciated by the assembled guests. Each of the speakers of the evening acquitted himself in most creditable manner and was heartily applauded by those in attendance.

The affair proved to be a thoroughly delightful event. Most of the visiting Knights left this morning for their respective homes.

SOME APPOINTMENTS.

**Good Things To be Dished Out to**  
**Democrats.**

Frankfort, Ky., May 23.—In the next week or so it is likely the remaining appointments of officials for the State institutions will be made. While there are no tips out on the majority of the appointments, it may be stated that Dr. Lewis Mulligan, son of Judge James Mulligan, will be assistant physician at the Lexington Asylum. Judge Buckner Leavelle, of Hopkinsville, will be Steward at the Hopkinsville Asylum and Dr. Lackey first assistant physician at that institution.

BOERS SURRENDER.

**Men To Make Strong Resistance**  
**Near Phenoster River.**

Kimberly, May 23.—About eight hundred Boers have surrendered at Vryburg, north of Kimberley, and a little more than half-way between that place and Mafeking. The road is all clear from Mafeking, and all opposition in this district is practically ended.

Cape Town, Tuesday, May 23.—Gen. Warren has occupied Douglas after heavy fighting and without sustaining any loss. The Boers have retreated to the north.

Pon, Ky., May 18, 1900.—The rain has come and the farmers are all very busy setting tobacco.

Mrs. Harrie Haddock, of Pon, has returned from your city from a pleasant visit.

Mr. Bunch Cannon, of Fruit Hill, has just recovered from a severe spell of pneumonia fever and grip.

Master Tody Hord got a green fly in his ear the other day. He said he felt like there was a threshing machine in his ear. I don't know what the result will be.

Mr. Charlie White had a very fine mare to die last Sunday.

Mr. Harrie Haddock's fine snake dog has killed eighteen snakes this spring. She had the misfortune to be bitten by a very poisonous snake the other day. She is considerably swollen from the effects, but he thinks possible she will recover.

Bro. Moore filled his regular appointment at Ford's Chapel last Sunday. He will preach a memorial sermon next second Sunday.

HONEY BEE.

Table Talk for May is an unusually good number of this excellent housekeeping magazine. It opens with an article entitled "Our Nursery Taler, To-day, and Yesterday," by Nora Archibald Smith, one of the most popular juvenile writers. It is a valuable contribution and will interest all women interested in their homes. "Traveling Hints" is a timely article written by one who has made many trips abroad and is an old and experienced traveller. There are so many persons going to Europe this summer—many of them for the first time—that such an article will be most helpful. It is instructive and practical from the beginning to the end. Among other good articles may be mentioned "The Hygiene of Drinking," "The Spinster Solace," "Some Household Insects," "Spring Greens for Salads," "Mending in the Home." The regular departments of "All Through the Year," "Housekeepers' Inquiries," etc., are as usual, full of helpful and practical information for the home. Table Talk spares neither pains nor expense to furnish the best information to housekeepers. Our readers can obtain a sample copy free by addressing Table Talk Publishing Co., Philadelphia.

### A ROMANCE

Link Martin Cast a Note from a Car Window and Now He Will Wed a Hoosier Girl.

Owensboro, May 16.—An announcement that will be a surprise to his many friends is the marriage of Mr. Link Martin, of this city, to Miss Mollie Wemer, of Morgantown, Ind. The ceremony will take place at the home of the bride's mother, Mrs. Mary A. Wemer, in Morgantown, tonight. Invitations were only received here by Mr. Martin's friends yesterday.

There is a romance connected with the courtship of Mr. Martin and Miss Wemer that is known by only a very few of his friends. In the summer of 1896 Mr. Martin visited for about a month in Ann Arbor, Mich. On his return home he threw a sheet of paper out of the car window at Morgantown, Ind., while the train was passing through, upon which was written: "Whoever finds this note will please write to Link Martin, Owensboro, Ky."

Miss Wemer found the note and wrote to Mr. Martin. The correspondence continued for a while and Mr. Martin went to Morgantown to see her. The acquaintance began a courtship, which will result in the marriage of the young couple tonight. Miss Wemer visited Owensboro three years ago.

Mr. Martin left on the afternoon train yesterday for Morgantown.

Miss Wemer is spoken of as an estimable and pleasant young lady. Mr. Martin is an industrious and worthy young man and has been successful at his trade, that of a shoemaker.

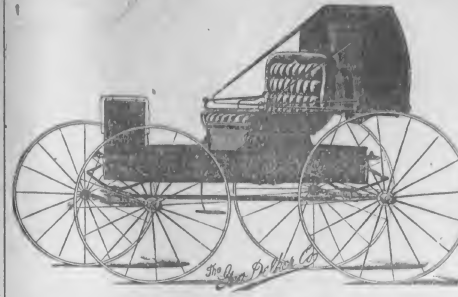

It is an unusually pretty woman that can cry becomingly.

When a woman falls in love an hour seems like five minutes.

### OUR GLORIOUS COUNTRY.

Have you watched its marvelous growth? If not, The Weekly Enquirer wants to study the strides it has made. The first census of the United States was taken in 1790. Since then every succeeding ten years. The result has been as follows:

Year.	Population.	Year.	Population.
1810	7,239,881	1880	31,443,321

1850	23,197,878		

Here you have the figures of a basis of calculation. The problem now is: What will be the population of the United States, excluding recent acquisitions. The result is usually announced in July of the census year.

The WEEKLY ENQUIRER is anxious to engage all in a study of their country. To this end it will distribute cash amounting to \$25,000, for solutions received of the population of the United States Census, as follows:

2197 cash presents amounting to \$25,000.00

In case of a tie, money equally divided.

Every guess on the above proposition must be accompanied by a year's subscription to the WEEKLY ENQUIRER.

You can guess as often as you care to inclose subscription price to the WEEKLY ENQUIRER.

This contest will close a month before the result of the census will be known and officially certified by the Director of the United States Census at Washington, D. C.

Subscription price for the WEEKLY ENQUIRER (including guess) is only \$1.00 a year. Eleven copies and eleven guesses for \$10.00. For full particulars see WEEKLY ENQUIRER.

Paderewski sailed for Europe on the sixteenth of May after a wonderfully successful season in America. During his travels he has been working upon "The Century Library of Music" which The

Century Co. will soon begin to publish with Mr. Paderewski as editor-in-chief. It will appear in twenty volumes, containing richly illustrated articles upon the great composers of the world, written by other composers, and with music which will include the cream of piano-forte literature, including Paderewski's entire repertoire piece newly fingered, phrased and pedalmarked, according to the latest and highest standards. The work is being prepared under Mr. Paderewski's personal supervision. The first volume will appear in September.

So much has been said and written about the rough riders that went to Cuba, that Sells & Gray have engaged Capt. Wetherby and his outfit to give a big show and accompany this show and at evening afternoons and evening performances give their thrilling exhibitions of bareback such as mount and dismount at gallop, Trooper turning somersaults and lights astride his horse. Riding bareback, charging down hill, riding up hill, jumping the Saddle Drill, Trooper hardy picking up handkerchiefs at gallop and many other daring feats that have never been equalled. All countries are proud of their soldiers, and especially are the citizens of the United States, and are ever anxious to see them perform, and their daring feats of horsemanship.

Hopkinsville Tuesday May 29,

Many housewives will be glad to hear of a means of cleaning wall-paper, without injury to its gloss or general effect. Take four ounces of pumice-stone in fine powder, mixed with one quart of flour. When this has been thoroughly done with the hands add enough water to knead the mass into a thick dough. Form this into several rolls, about the size of a rope, and wrap each roll in a cloth with one end of each strip of wallpaper and two inches in diameter. Wrap these up in cotton cloth around each roll and stretch it into place then boil about three quarters of an hour. What then the dough rolls are firm and the covering can be removed. Rub the wall paper with the rolls. Not only will the ordinary spots be removed, but grease will be absorbed in the soap.

The estate is divided among Mr. Shaw's three children, Walter M. Shaw, Mrs. Lena Elgin and Dennis Shaw. Dennis Shaw is administrator of the estate, having been qualified when the will was probated.

## PESTS OF THE POULTRY YARD MUST GO!

American Lice Destroyer Kills Flies, Mites, Lice and Other Vermin in a Day Than All Other Remedies combined.

The war is on! The days of lice and vermin that have done so much to make the life of the poultryman miserable, and his business unprofitable are over. American Lice Destroyer is the proper ammunition to use. This preparation is wonderful in its power, and vermin cannot exist twenty-four hours after it is applied to the stock or fowl. Every poultryman needs it. It is cheap, reliable and effective, one package being sufficient to protect 250 fowls from mites and lice for one year. Where this Destroyer is used, profits at once increase. Lice and vermin do more to kill profits than all other causes combined. You know it. Don't go losing money every week, but try American Lice Destroyer. You may have tried other things without success, but if this fails you can have your money back. We are in this light to stay, and will back Destroyer against any number of mites or lice you may have. Don't fool away money with "recipes" or home-made makeshifts. Use scientific means. The American Lice Destroyer has been used by thousands of poultrymen; it has been on the market thirty years and has been tested thousands of times. We know it is all right, and if it doesn't do the work remember you get your money back. What more can you ask? If your druggist doesn't sell American Lice Destroyer, he's behind the age. ## Eight To One On The Jurisdiction.

Five To Four On The Main Question—Decision by Chief Justice Fuller.

Washington, May 21.—The Democratic win.

The supreme court holds that it has no jurisdiction in the Kentucky governorship case, denies the writ of error and dismisses the appeal.

There were four opinions in all, three being read after Chief Justice Fuller's opinion, in which Justices Shiras, Peckham, Gray and White concurred, was delivered.

The opinion by Judge Harlan was the only opinion which dissented from the conclusions of the court. He did not agree in any point with his associates.

Justice McKenna dissented from the reasoning in the case, but concurred in the judgement.

Justice Brewer dissented because he thought the findings of the lower court should have been affirmed, instead of the case being dismissed. Justice Brown concurred in the opinion of Justice Brewer.

The Brewer-Brown opinion, in effect, wished to take jurisdiction and affirm the decision of the Kentucky court.

## Opinion of The Court.

Chief Justice Fuller in his opinion said the court should be the last to overstep the bounds limiting its own jurisdiction, and that the determination of cases of this character, contests for state officers, must necessarily be settled by the political branch of the government.

The branch had acted in the Kentucky case when the general assembly took jurisdiction. There was no appeal from the assembly's decision, which was favorable to Goebel and Beckham, except to the tribunal of the people, which tribunal the chief justice said was always in session. He also said the case was purely a state case—that Kentucky was in the full possession of its faculties as a member of the union and that there was no emergency at this time calling for interference.

## TAYLOR HEARS THE NEWS

Expressed Great Uneasiness While Awaiting the Decision.

Louisville, May 21.—Taylor was at the custom house early this morning and awaited the news there. He expressed great uneasiness and was evidently seized with something like a panic. He suddenly decided to go to Butler county, stating that he had urgent business there. He dashed away with only a word or two of explanation and made a quick rush on foot for the L. & N. depot. He missed the train by a few minutes and came back to the custom house. He said just before leaving that he expected to be arrested and that confinement in jail during the summer would kill him.

When the decision came he heard it without a change of face. He said, when asked what he would do, "I do not think this is time to talk. I have as yet formed no plans, but I will say, as I have said before, that I will abide by the will of the people and the law of the land. I have expected the adverse decision and am prepared for it."

## A Troublesome Problem.

Clinton, Ia., May 22.—Mrs. A. Smith has filed a divorce petition here on her husband's ground that before her husband kissed her he sweated his lips with a subtle and deadly poison. She alleges that she became very ill from the kiss, and that she was saved only after much suffering.

Judge Anderson says he has figured all night on the above proposition, and he fails to understand why the person did not first kill the man upon whose lips the poison was smeared.—Kentucky State Democrat.
